# Debit Entry (ACH) Authorization

Debit Entry Authorization (ACH) is one payment option available to customers of Southern Pioneer Electric Company.

To sign up for this payment option, please complete and sign a Debit Entry (ACH) Authorization application. A voided check is required to verify your checking account information, routing number, and checking account number. We also must verify the address and name of the banking institution for our database.

Allow 30-60 days for the direct debit or ACH option to become effective. This allows time for Southern Pioneer to process the application and for validation of your banking account information through our bank. In the meantime, please continue to pay your bill manually each month. When you see "PAID BY BANK" printed in the amount due on your billing statement, the total amount due on your electric account will be drafted from your banking account on the designated date.

The payment will be drafted from your bank account one working day prior to the due date, to allow for processing time.

To avoid fees for Non-Sufficient Fund Check, notify our office immediately of any changes in your financial institution or bank account number, account closings, or deaths of an account holder. Fee for Non-Sufficient Fund Check issued to Southern Pioneer Electric is \$30.00 plus any bank fees charged to Southern Pioneer Electric. In the event of two returned ACH bankdrafts, your account will be removed from ACH and restored to manual payments.

This authority for ACH bankdraft is to remain in full force and effect until Southern Pioneer Electric has received written notification from me (us) of its termination in such time and in such manner as to afford Southern Pioneer Electric Company and the financial institution a reasonable opportunity to act upon it.

I have read and understand the policy on debit entry (ACH) authorization above.
